### **ARTEC Regional Professional Technical Charter School (RPTCS) Differential Pay Plan**

ARTEC RPTCS serves eight (8) high schools in seven (7) Magic Valley School Districts all of which have developed a Differential Pay Plan that has been:

- a). approved by their Board of Trustees at a regular or specially convened meeting,
- b). developed their plans with input from their principal, teachers and other certificated staff including the leased teachers serving as ARTEC staff for the school year 2013-14,
- c). included measures of growth of student achievement in their plan, and
- d). insured ARTEC RPTCS teachers are included in their method of awarding Differential Pay.

Recognizing the inherent problems of segregating ARTEC RPTCS teachers from their peers and colleagues in their respective high schools, ARTEC RPTCS has elected to reserve up to 40% of the Differential Pay allocation from the State Department of Education for staff training in Common Core implementation and assessment and provide each participating district in ARTEC programming a pro-rated amount of the allocation based on full time equivalency (FTE) of staff in each participating district. Participating districts will combine this amount with their allocation to be used in calculating share amounts for their schools and ARTEC RPTCS staff will participate according to the requirements of the plan in their home district. Disbursement will occur when such payments are received from the State Department of Education.

Participating Districts and Schools are:

Twin Falls High School and Canyon Ridge High School, Twin Falls School District

Buhl High School, Buhl School District

Kimberly High School, Kimberly School District

Gooding High School, Gooding School District

Jerome High School, Jerome School District

Minico High School, Minidoka County School District

Cassia Regional Technical High School, Cassia County School District
